

GIS Intern

UDOT Richfield, Utah

UDOT Region 4 is seeking one full-time GIS Intern* in Richfield, Utah for the summer of 2025. Exact start and end dates are flexible, but should coincide somewhat with beginning and ending semester dates.

The successful applicant must have experience with the ArcGIS Pro software and have successfully completed at least one college course in GIS. Preference will be given to those who have completed more coursework.

Work hours are flexible, but the successful applicant will be required to work in the Richfield, Utah office.

Salary: \$18.50-21.00/hr, commensurate with experience and coursework.

To apply, email resume to Bracken Davis at bdavis1@utah.gov. The first round of applications are due February 20, 2025, but applications will be accepted until the position is filled.

*UDOT internships are for students currently enrolled in college or university courses. Per UDOT policy, recent graduates will not qualify.
